PURPOSE!**

**KNOW!**

Parents, do this map book with your child.

In the very, very beginning God made our special world! First, God made day and night. And it was good! Next, God divided the ground and the sea. And it was good! Then God made green plants and bushes and all kinds of trees. And guess what God said it was "It was good!" Then God made the sun and the moon and lots of twinkling stars to make the sky pretty and again, God said, "That's good!" Then God made the animals. He made birds and other flying critters. God made big fish and little fish. God made land animals - big ones and small ones, cuddly ones and prickly, porcupine ones. And God said it was ALL good! God gave us our special world because He loves us so much.

Which one is different?

Doodad

God made our special world.

He made all of these special things because He loves us so much.

What special thing can you thank God for?
